Release Notes

OS Build 20224

For Mesa 2 Rugged Tablets Running the Windows 10 Pro Operating System

These notes include important information for our Mesa 2 customers regarding the most recent release of the Windows 10 Pro operating system.

Documentation and software updates are located on our website here: *https://www.junipersys.com/support.*

Updates and Resolved Issues Contained in the OS for new Devices

- Updated several Intel Drivers:
  - ▷ Audio SST
  - ▷ GPIO Controller
  - ▷ Virtual GPIO Controller
  - ▷ SPI Controller
  - ▷ UART Controller
  - ▷ Sideband Fabric Device
  - ▷ Dynamic Platform and Thermal Framework

- Updated the Touch Profiles app with an improved touch profile loading speed. The old touch profile loading speed was approximately 25 seconds. The new loading speed is about 1 second. The Touch Profiles app progress bar has been removed.
- Geode software was updated to version 2.2.2.
