

Release Notes

OS Build 1.0.1-20201210

For Mesa 3 Rugged Tablets Running the Android Operating System

These notes include important information for our Mesa 3 customers regarding the most recent release of the Android operating system.

Documentation and software updates are located on our website here: <https://www.junipersys.com/support>.

Updates and Resolved Issues Contained in the OS for new Devices

- Added a “Never” option to the Display Sleep Setting to prevent the display from ever going to sleep.
- Added a configuration menu for Ethernet adapters to configure a Static IP address and other settings.
- Updated the touch screen selections for the Wet and Glove profiles to provide better operation.
- Security patches through December were added, to prevent breaches for known security vulnerabilities.
- Added various stability improvements from Google that are not security related
